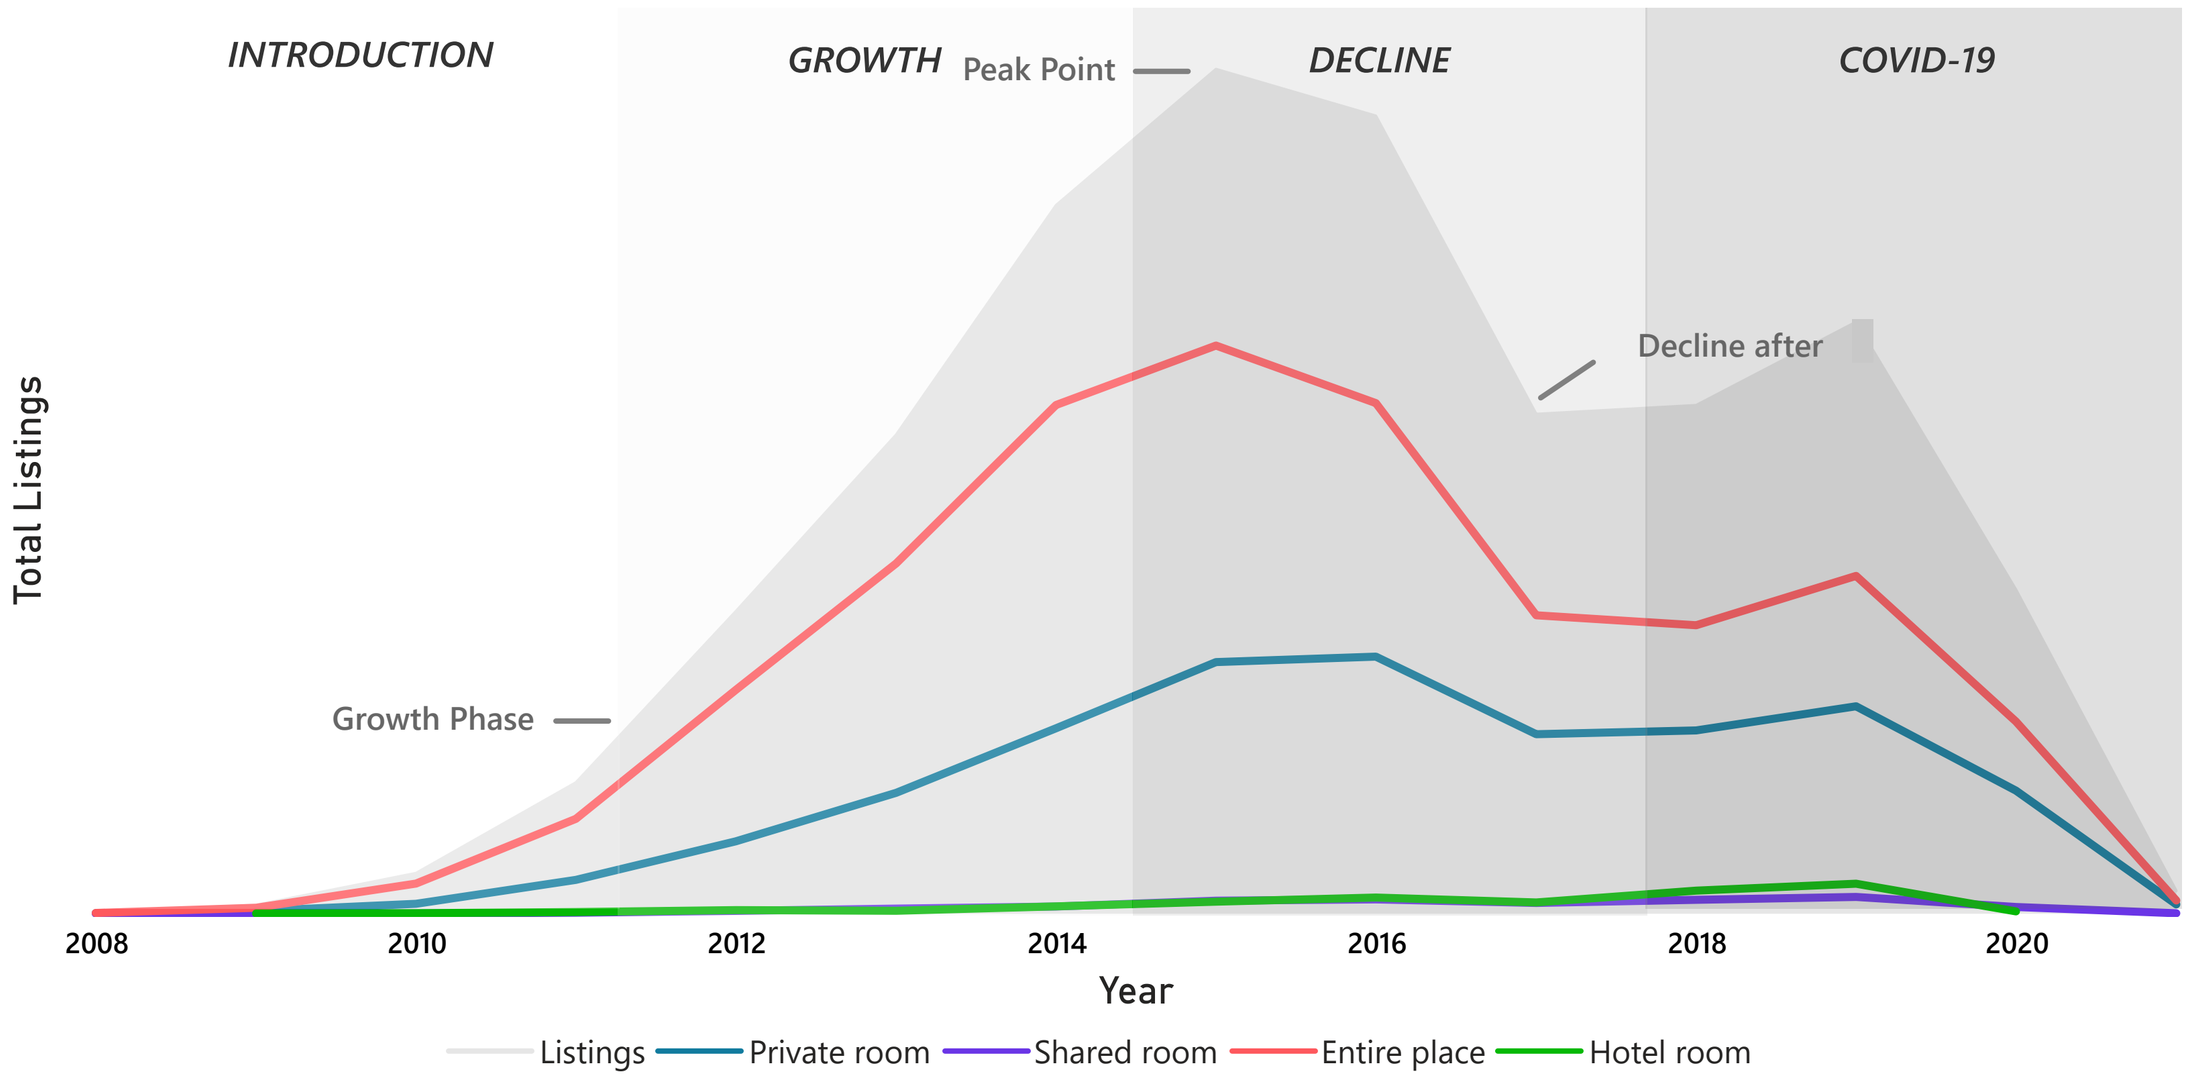
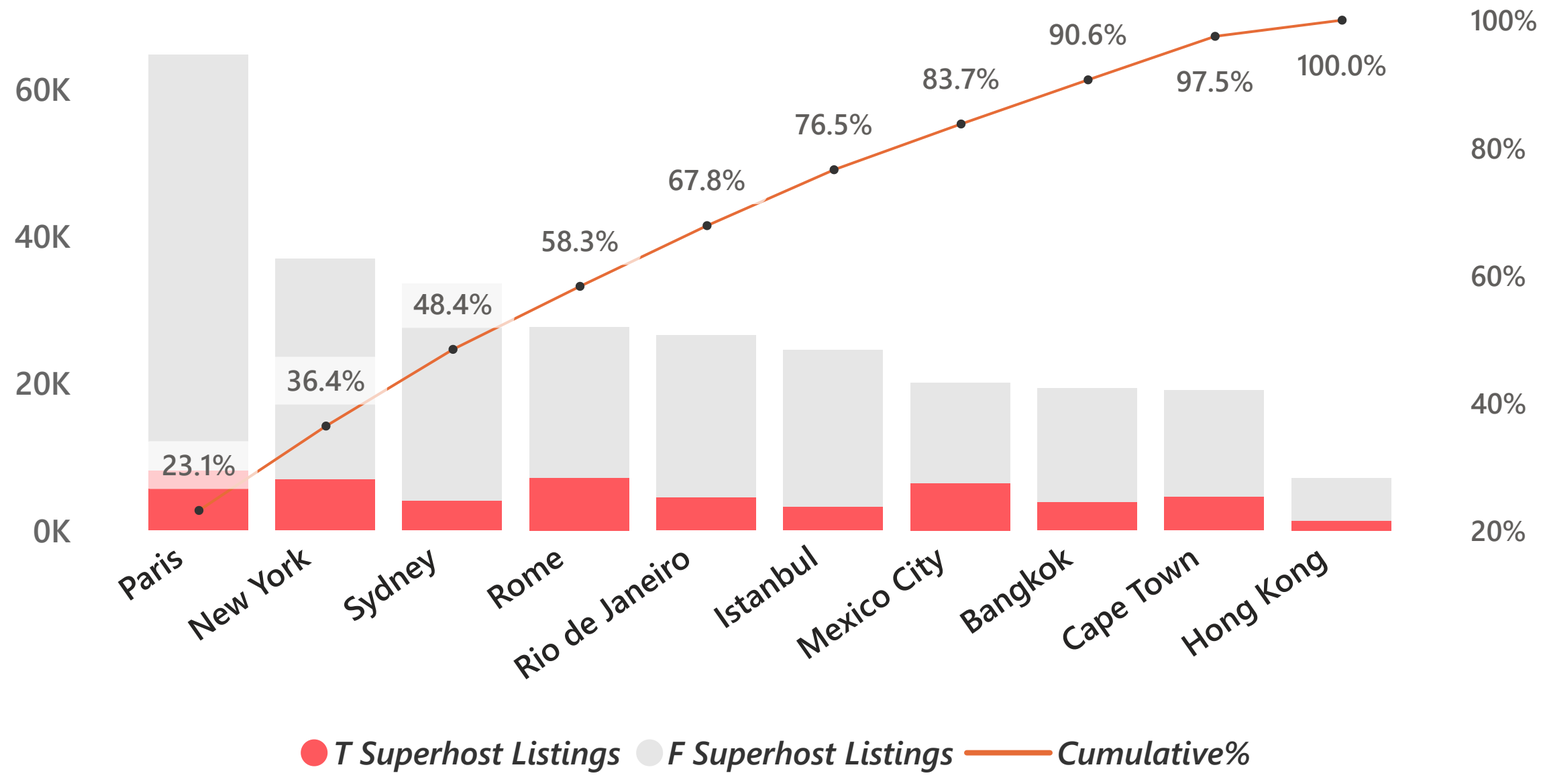
New listings



Rapid Growth (2012-2015), peak in 2016, followed by decline and sharp drop in 2020 due to COVID-19

GLOBAL AIRBNB PERFORMANCE DASBOARD

Market Share by City



- Top cities (Paris, New York, Sydney) dominate listings, contributing the largest market share.
- Listings are highly concentrated, with a few cities covering most of the total.
- Superhost listings are a small portion of overall listings.
- Hotel rooms have the highest average price, while private rooms are the most affordable.
